

CASTLETON KIDS SUMMER SERIES

ATTRIBUTES OF GOD: ETERNAL, INFINITE, CREATIVE, UNCHANGING

Memory Verse: Hebrews 13:8

Main Passage: Genesis 1, Malachi 3:6, Psalm 90:2, Psalm 147:5

Big Ideas:

- God is eternal and infinite. He has no beginning or end and He is the same yesterday, today, and tomorrow. He is not bound by time like we are.
- God is creative. He is our creator and designed creation to glorify Him.
- God is unchanging. He is constant, consistent, and we can put our full faith in Him to keep His promises.

Daily Discussion Questions:

- **Day 1:** Read Isaiah 26:4. Think of a time when you were disappointed that something didn't last. Then, discuss why we can trust in the LORD forever. How is God like an everlasting rock?
- **Day 2:** God is infinite. What does that mean? Review and discuss Psalm 147:5. Why is God not bound by time?
- **Day 3:** Read Psalm 24:1-2. Why does everything rightly belong to God and not to us? How does this change how you think about yourself and your things?
- **Day 4:** Think about an older person in your life. Are there things that person can no longer do? Emphasize how even the strong on earth do not stay that way forever.
- **Day 5:** God is unchanging. Make a list of things that have changed in your life. Now make a list of things that have NOT changed. Why can we trust in God's Word and promises?
